### ABOUT

I'm Ezzatulla, a 20-years-old passionate front-end developer. I like to design, build and create interactive, creative, elegant user interfaces and implementing imagination into the stunning web pages.

In October 2015 I started to learn HTML, CSS3, hence I started to learn JavaScript to enhance my knowledge, I've worked on my skills of understanding JavaScript and the cutting edge concepts.

In 2018 I started learning ReactJS taking online bootcamps since then I've learned ReactJS, Redux, GraphQL, Styled Component, NodeJS, , Express

### WORK EXPERIENCE

- 4 Years experience HTML5 / CSS3 / Sass
- 2 Years experience Bootstrap / Tailwindcss
- 2 Years experience JavaScript / ES6
- 2 Years experience using Version Controls (Git, GitHub)
- 2 Year experience ReactJS / Redux
- 1 Year experience GatsbyJs / Graphql
- 1+ Year experience in Cloud Technologies (Firebase)
- Fluent experience using Adobe Creative Cloud Software (Photoshop)

### HOBBIES

I enjoy learning new technologies, curiosity pushes me to learn more and more, I often play soccer and like swimming and playing volleyball, I like taking photos and editing using adobe Photoshop / Lightroom.
